Surplus Chemicals Form

1. After filling out this inventory form and you are ready for a chemical pickup, please fill out the Online Chemical Disposal/Surplus Pick-Up form to request the pickup.

2. Please leave this form with the chemicals you have for the chemical pickup in a accessible area in your lab space.

*****If a chemical name is truly "unknown", please give as much information as possible about the contents of the chemical you have for disposal such as, the type of lab you have and other common chemicals you use in your lab that it might be.**
