EH&S/ORS: Laser Safety

Laser Equipment Loaner Program!

The Laser Safety Team within the Office of Radiation Safety has added a new program that will allow laser users to borrow specific equipment to assist in temporary laser work situations. From calibrated meters to portable laser barriers, check out [Laser Equipment Loaner Program](#) for more information.

Items that are available for loan:

Portable laser barrier

Handheld power meter and sensors

UV-A/B or UV-C meter
